WHY HE SHAVED SO MUCH.

Here is a good story that is going the rounds: A very devout Church Deacon, being somewhat indisposed, was advised by his doctor to try hot toddy, but objected on account of the bad example it would set before the family.

"That's easy," said the doctor. "Just call for hot water, saying that you want to shave, and keep the other ingredients in your possession."

The next day a neighbor called to inquire how the Elder was getting along.

"He seems to be feeling much better," said his wife "He shaved four times last night and three times this morning, and the doctor has just sent him another supply of shaving soap."

IMPORTANT RULING

Decision of Appellate Court In Case of C. H. Hitch, To Be Reorganized — \$2,000,000 Assignee

In reversing the case of Lowry & Goebel against C. H. Hitch's asignee, appealed from the Mason Circuit Court, the Court of Appeals Tuesday handed down an opinion that will be of vast interest to wholesalers, especially those who are execution of the new law, said one of the first non-residents of Kentucky.

> According to the testimony Get in Line and given in the brief, C. H. Hitch purchased a stock of goods from C. A. Hainline in November, 1906, and proposed to conduct a store in this city. Hainline had retired from business on account of his health, but had a well established business.

Hitch went to Cincinnati and purchased a bill of goods from Lowry & Goebel, representing, so the Agents of Lowry & Goebel testified, that he had inherited considerable money. had his stock of goods purchased from Hainline paid for Figures in the Great American Game and had \$1,000 to run his business on.

Shortly afterwards he failed and J. D. Dye was appointed as Asignee.

Lowry & Goebel filed suit to recover their property sold to Hitch, claiming that Hitch was insolvent at the time of the purchase of the goods and had misrepresented his financial condition. The creditors of Hitch took such action as to make Hitch an involuntary bankrupt under the Federal laws and a demurrer was filed to Lowry & Goebel's petition.

The Mason Circuit Court Boston 17 sustained the demurrer and it was from this ruling that Lowry & Goebel appealed and secured a reversal.

The Court of Appeals holds that it is a well established rule that where goods are purchased by insolvent parties and upon misrepresentation of their financial condition that the person selling the goods must not suffer.

The case is sent back to the Mason Circuit Court to be tried on its merits.

HAZLETT'S SLAYER

Confessed in Open Court-Walker **Duncan Admits He Killed the** Farmer

FRANKFORT, KY., May 28th .- Walker Duncan, a well known farmer of the Western part of Shelby county, confessed to the Shelby Circuit Court this afternoon that he shot Newt Hazlett to death Thursday night of last week. He said he believed that night riders were shout to attack his tobacco barn, so with two friends, Riley Harrod and Robert Kessler, he went to guard it with his shot gun. Soon after Hazlett came down the road.

He went out to meet him. After a short altercation Hazlett, he says, opened fire on him with a pistol, shooting twice. Duncan says that he then discharged his shotgun twice, Hazlett falling over dead.

The confession of Duncan came this afternoon after the Grand Jury, which had been investigating the mysterious killing of Hazlett, brought in a report to Judge Marshall, indicting Walker Duncan and Riley Harrod for the murder of Hazlett.

Both men were in Court at the time, and Duncan immediately arose and made his statement. He was released under \$5,000 bond, while Harrod was required to furnish \$2,000. They will not be tried until the next term of Court, as the present term will expire within a few days.

His explanation why he did not give himself up to the authorities the next day, and explain why he had shot Hazlett was that he had consulted an attorney immediately and was following his advice.

Young Woman Found in Awful Condition with Scabies-Body a Mass of Sores from Scratching-Tried Many Remedies for Seven Weeks -Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to know a little of the efficacy of a few medicines and after a while I found that a little knowledge of Cuticura was about all I needed. One of the very bad cases I had to deal with was that of a young woman who had come to us not only broken in spirit but in a most awful condition physically. Our doctor examined her physically. Our doctor examined her and told us that she had scabies (the itch), incipient paresis, rheumatism, etc., brought on from exposure and the effects of her ragged-edged life. Her poor body was a mass of sores from scratching and she was not able to retain solid food. We tried many things, a good tonic was prescribed and baths with a rubbing of lard and sulphur. We worked hard for seven weeks and you can imagine how discouraged we were when, after all that time, we could see so little improvement. One day I happened to see a Cuticura advertisement pened to see a Cuticura advertisement telling how a little baby had been cured of a bad case of skin eruption, and although I had but ninety-seven cents with me, I bought a cake of Cuti-cura Soap and a bottle of Cuticura Resolvent. When I reached home I was like a child with a new toy, and we bethed our patient, well and gave her a bathed our patient well and gave her a full dose of the Resolvent. She slept that night better than she had since she had been with us and the next day I located the price of a box of Cuticura Ointment. I am not exaggerating when I say that in exactly five weeks this young woman was able to look for a position, being strong enough to work and full of ambition. In another month she left the home, and now has a good position in a nice family where she is respected and is strong and well. You may refer any one you wish to me, personally. WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptomspain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kid-

Frederick Dresel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills a most exof an opportunity to speak in their behalf. About five years ago I was bothered by kidney trouble. The kidney secretions were attended with much pain during passage and were very irregular in action. Severe pains across the small of my back were of frequent occurrence the best of results, and I procured a box at J. J. Wood & Son's Drugstore. I used them strictly
